New Haven March 14. 1844

Dear Brother

You will recollect that in the settlement of Fathers estate you & George took that class of claims which were called unavailable, including everything not distributed among the devisees.

Afterwards when these matters were nearly all closed you kindly presented me with your remaining interest

Long afterwards while Geo was with me at Southington after the death of his wife a Mr Pierce of Cornwall called upon us & wished to purchase the interest which Father inherited in a tract of wild land on Cornwall mountain. After full enquiry Geo. & I gave him a Quit Claim Deed for $30 supposing as the actual interest was in us. this deed from us would give him all the legal right he wanted.

Mr P. will call upon you for reasons which he will explain he wants a Quit Claim Deed from you & Elizabeth. I do not see why it is not right to give it to him. he of course paying all the expenses &c

We are now quite well for us
